Attached is the AMCV table – the red highlighted compounds are not part of the TO15 list. I have also attached to TO15 list and highlighted the comparison compounds in beige, while the un-highlighted compounds are extra compounds not in the AMCV list. Thank you - Michelle

Hi Michelle,

Can you provide a comparison of the analytes on the AMCV list (attached) and the TO-15 analyte list? Charters and Rauscher will be visiting shortly.

Thanks so much.
